## Pipe Products

# KLINGER Pipe Products - Select the correct product for the job.

**POLYGRIP COUPLING**  
DN63mm - DN315mm  
Up to PN16  
HDPE and PVC pipe

**LARGE DIAMETER POLYGRIP**  
DN350mm - DN600mm  
Up to PN16  
HDPE pipe and Steel pipe

**EVOGRIP COUPLING**  
DN110mm and DN160mm  
Up to PN16  
Cost effective restrained joints for HDPE and PVC pipe

**G-FLEX GRIPPER COUPLING**  
DN20mm - DN350mm  
Up to PN30

**DISMANTLING JOINT**  
DN40mm - DN3000mm  
Up to PN40  
For all flanged pipes

**ENERSEAL DISMANTLING JOINT**  
DN50mm - DN1000mm  
Up to PN25  
Fast installation for all flanged pipes

**RUBBER EXPANSION BELLOWS**  
DN20mm - DN600mm  
Up to PN16  
For all flanged pipes

**REPAIR COLLAR**  
DN40mm - DN3000mm  
Up to PN40  
For all bell & spigot pipes

**SNAP CLAMP**  
DN15mm - DN50mm  
PN16  
PVC, steel, copper pipe

**JUNIOR REPAIR CLAMP**  
DN15mm - DN50mm  
PN16  
PVC, steel, copper pipe

**ULTRA CLAMP**  
DN40mm - DN1200mm  
Up to PN16  
All rigid pipes

**G-FLEX REPAIR**  
DN350mm - DN2500mm  
Up to PN30  
All rigid pipes

## RESTRAINED COUPLINGS

For plastic and metallic pipe. Join plain ended pipes providing full axial restraint. Thereby preventing the pipework from pulling apart.

No need for pipe anchors, thrust blocks or pipe restraint by other means. Saving time and money.

## DISMANTLING JOINTS

For valve installations and future valve maintenance offering easy installation adjustment.

## RUBBER BELLOWS

For absorbing vibration and compensating for pipe movement.

## REPAIR COLLAR

For the repair of leaking bell and spigot joints, AC collars and couplings. No need to dig up and disturb the pipe. Simply install around the leaking joint.

## ULTRA CLAMP SERIES

For rapid and permanent repair of damaged pipes including: corrosion pitting / impact damage / cracks

These products should not be used for joining pipes as they do not accommodate pipe misalignment or angular deflection.

## G-FLEX REPAIR

For the repair of large diameter and pressure pipes. These products can be used to join pipes as they can accommodate pipe misalignment and angular deflection.

**POLYGRIP ADAPTOR**  
DN63mm - DN315mm  
Up to PN16  
HDPE and PVC pipe

**RESTRAINED FLANGE ADAPTOR**  
DN50mm - DN2000mm  
Up to PN64. Steel pipe

## RESTRAINED ADAPTORS

Join plain ended pipe to flanged pipe providing full axial restraint. Thereby preventing the pipework from pulling apart. No thrust blocks required.

**UNIFIT ADAPTORS**  
DN40mm - DN600mm  
PN10/16  
Universal flange drilling

**FLANGE ADAPTORS**  
DN40mm - DN3000mm  
Up to PN64  
For all rigid pipes

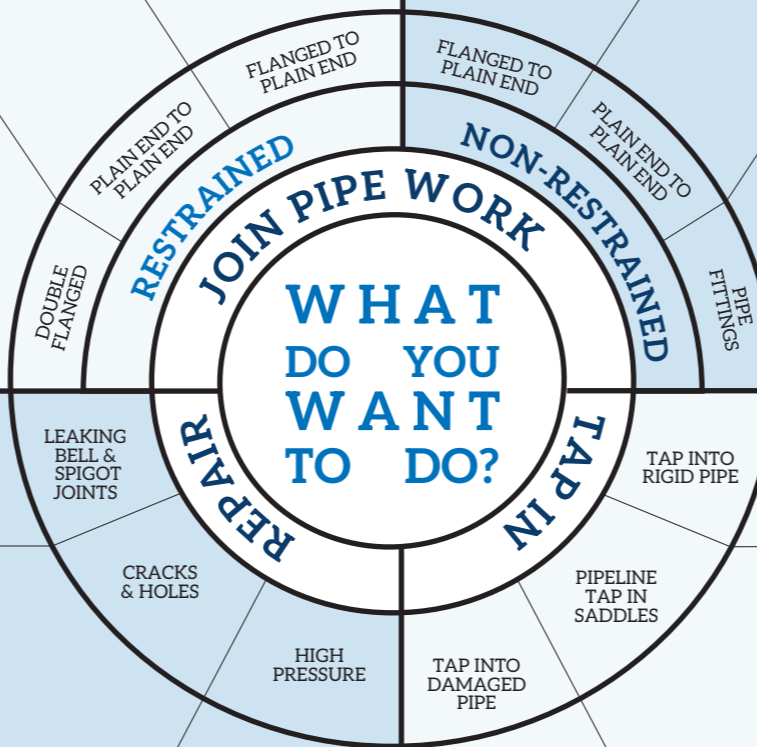

**ENERSEAL ADAPTORS**  
DN315mm - DN1000mm  
Up to PN25  
PVC pipe

## FLANGE ADAPTORS

Cost effective rapid connection of plain ended pipes to flanged pipes. Universal drilling and special request drilling available.

**G-FLEX REPAIR**  
DN20mm - DN350mm  
Up to PN30  
All rigid pipes

**EASI TEE**  
DN150mm - DN600mm  
Up to PN25  
DN25mm - DN250mm outlet

**ULTRA SADDLE**  
DN50mm - DN350mm  
Up to PN16  
DN15mm - DN50mm outlet

**UNIFIT COUPLING**  
DN40mm - DN600mm  
Up to PN64  
Wide range. All rigid pipe

**LONG BARREL COUPLING**  
DN40mm - DN3000mm  
Up to PN64  
All rigid pipe

**LARGE DIA. COUPLING**  
DN650mm - 3000mm  
Up to PN64  
All rigid pipe materials

**STEP COUPLING**  
DN40mm - DN3000mm  
Up to PN64  
All rigid pipe materials

**END CAP**  
DN40mm - 3000mm  
Up to PN64  
All rigid pipe materials

**JUNIOR COUPLING**  
DN15mm - DN50mm  
Up to PN40  
Steel pipe

**DEDIFIT COUPLING**  
DN40mm - DN400mm  
Up to PN16  
Dedicated PVC and steel pipe

**SHORT COLLAR PIPE COUPLING**  
DN50mm - DN300mm  
Up to PN16  
Fibre cement pipe

**G-FLEX INSTALL COUPLING**  
DN15mm - DN2500mm  
Up to PN16  
All pipe

**LP COUPLING**  
DN280mm - DN3000mm  
Low pressure structured wall pipe

**COMPLETE RANGE OF PIPE COUPLING PRODUCTS:** For specialized and standard plain ended pipe connections.

**STEEL SOCKETED FITTINGS**  
DN40mm - DN1600mm  
Up to PN40  
Socketed fittings for all pipe

## HALF COUPLINGS FOR FITTINGS

Manufactured and sold ready for welding to fabricated fittings at customer facilities.

**ENERSEAL FITTINGS**  
DN315mm - DN1000mm  
Up to PN25  
Boltless socketed fittings for PVC pipe

## UNDER PRESSURE DRILL KIT - UPD

Complete a live tap into an operational pipeline by utilizing a suitable saddle and valve.

**UPD**  
DN15mm - DN150mm  
Drilling heads, up to PN25

**DI SADDLE FOR PVC PIPE**  
DN63mm - DN200mm  
Up to PN25  
DN25mm - DN50mm outlet

**BUFFALO SADDLE - SINGLE STRAP**  
DN50mm - DN600mm  
Up to PN20  
DN15mm - DN50mm outlet

**BUFFALO SADDLE - DOUBLE STRAP**  
DN125mm - DN600mm  
Up to PN16  
DN15mm - DN100mm outlet

## BOLT ON PIPE SADDLES

Available for all types of rigid pipe materials.

The range covers outlets from 15mm up to 100mm BSP and flanged.

**SERVICE SADDLE**  
DN50mm - DN350mm  
Up to PN16  
DN15mm - DN50mm outlet
